

SOFT BLASTA

Cryogenic Deflashing Machine 500Z-SUPER Touch Panel

Feature

- Easy and Simply Operation
- Power up wheel motor therefor conventional 50% up
- Strong wheel blade by SUS plate
- Speedy and perfection finish
- Good tumbling work with new Big Barrel
- Silent driving

SCS-CB-500Z-SUPER-TP

Touch Panel

- ⊙ Visible Screen
- ⊙ Japanese,English,Chinese
One Touch Change
- ⊙ Simply input and rewrite
- ⊙ No mistake writing with confirmation input system

100 Memory

- ⊙ Simply input and rewrite
- ⊙ Easy to call Number

Pre-Refrigeration Mode

- ⊙ 5 Step Mode
- ⊙ Set and Canceled arbitrarily
- ⊙ After Pre-refrigerate changed Automatic Mode

Alarm Indication History

- ⊙ Record location and tie of alarm
- ⊙ For administration equipment

Specification	
Barrel	Size $\Phi 600 \times 410h$
	Efective capacity 30L
	Turning range 4rpm~20rpm
wheel	Type SR-380DD 5.5kW
	Turning range 3600rpm ~ 4600rpm
Sieve	Type LS-500 0.4kW
	#8 Wire 0.8mm Hole 2.375mm
	#32 Wire 0.29mm Hole 0.503mm
Total drive	6.6kW 200V 50Hz 3 Phase

Barrel

Easy Operation

Smooth discharge works parallel Barrel
